

Md. Rakibul Islam

MERN Stack Developer

Barisal District, Barisāl, Bangladesh

Summary

As an experienced MERN stack web developer with 3 months of industry experience, I have a proven track record of delivering high-quality, scalable, and efficient web applications using MongoDB, Express.js, React, and Node.js. Proficient in a variety of technologies such as webpack, turbo build, Redux-toolkit, sanity.io, Git, etc. I have a deep understanding of the full web development process, from concept to deployment. My experience includes working on multiple projects, each with different technologies, timelines, and accomplishments. My skill set includes team management, problem-solving, and communication. I am constantly learning and staying up to date with the latest web development trends and technologies. My portfolio and GitHub profile showcase my skills and experience, and I am always looking for new opportunities to collaborate and create innovative projects.
